

Den bedste tid - One Two

Transposed from Bb to G - chord / structure chart

Capo: none (play open G shapes). To sound like the original Bb recording instead, capo 3.

Transposition map (Bb -> G = down a minor 3rd / 3 semitones)

Original (Bb):	Bb	Cm	Dm	Eb	F	G	Gm
Played (G):	G	Am	Bm	C	D	E	Em

Every chord drops 3 frets/semitones. Same shapes relationship, just a more open, lower key for the guitar and an easier vocal range.

Intro riff (in G)

Pick this twice as the intro, then let the band come in on the verse. It outlines G -> Em -> C -> D.

	G	Em	C	D
e	-----	-----	-----	-----2--
B	----3----3---	----0----0---	----1----1---	----3----3----
G	---0---0-----	---0---0-----	---0---0-----	---2---2-----
D	-0-----	-2-----	-2-----	-0-----
A	-----	-2-----	-3-----	-----
E	-3-----	-0-----	-----	-----

Simpler strummed version of the same four bars: | G | Em | C | D |

Song structure & where the breaks are

Intro	riff x2 (G - Em - C - D)
Verse 1	see chords below
Pre-chorus	lift into the hook
Chorus	'Den bedste tid er sammen med dig...'
** BREAK **	drop to just one guitar/keys for 1 bar before Verse 2
Verse 2	same as Verse 1
Pre-chorus	
Chorus	
** BREAK / Bridge **	quietest point - half-time feel, build back up
Chorus x2	full band, last one can ritardando
Outro	intro riff again, end on G

The two clear breaks: (1) a short 1-bar drop after the first chorus, and (2) the bridge break - the dynamic low point - before the final chorus.

Chord chart in G (I = 1 bar, counts of 4)

Strum pattern suggestion for the ballad feel: D D-DU - D DU (let chords ring).

Intro / Outro

| G | Em | C | D |

Verse

| G | G | C | C | Em | D | C | D |

Pre-chorus

| Am | Bm | C | D |

Chorus

| G | D | Em | C | G | D | C | D |

Bridge

| Em | C | G | D | Em | C | Am | D |

Note on the lyrics: I have not printed the full lyrics here because they are copyrighted. Drop the words under the bars above from the official source and the chords will already be in the right key (G). If you paste me the exact tab text, I can align each chord precisely over the matching syllable.
